DETAILED ACTION

Election/Restrictions

1. Applicant's election of Species AIPOk in the reply filed on 4-26-05 is acknowledged.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-3 are rejected under 35 U.S.C. 102(b) as being anticipated by Bittihn et al. (5,169,736).

Bittihn et al. teaches in column 4, lines 59-65, that inorganic oxygen-containing compounds such as AIPO₄ are known.

Allowable Subject Matter

4. Claims 4-37 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. This is in regard to the species AIPOk.
